## Discussion Questions:

1. What stuck out to you from today's lecture?
2. Looking at the homework, what were some key take-aways for you?
3. Have you experienced "teaming" with others to accomplish something of significance? Share about that. What were some of the challenges and benefits you experienced?
4. Paul presents a counter-intuitive way of thinking about suffering while honoring God and advancing the gospel. How have you, if you have, experienced suffering as a gift?
5. For Paul, seeing the family of God live in unity of spirit and purpose brings joy. At Hill Country, we describe our common mission to be "Each of us, together, saturating greater Austin with the love of Jesus." Have you experienced joy from living out that purpose as part of God's family? How so?
6. Think about your more challenging relationships (every family has them whether nuclear or extended family, family of friends, or church family). What steps could you take this week to create harmony through humility and service?
