

SMALL GROUP DISCUSSION GUIDE

This Advent season when your Small Group gathers together (even if it is for a Christmas party) you can spend some time unpacking the Rewrapping Christmas Challenge.

Check out our website link: [Rewrapping Christmas](#)

Each week's sermon notes in the bulletin have Application Questions on the back that should spark some good conversation. In addition, you might ask...

- Why is it "a challenge" to reach out to bless someone you know who is in need? What is challenging about it? What are the rewards?
- What have you done personally to meet the challenge?
- Has anyone had a family discussion about how you can Rewrap Christmas? What are you doing as a result?
- How might this group work together on the challenge?

Encourage your group members to share their Rewrapping Christmas stories or get their permission and share on their behalf.

Pray for each other to have the courage to lean-in to difficult situations. And pray for the people God has led you to serve.
