

The Principles of Grace Giving
2 Corinthians 8:1-2
Pastor Rock Dillaman
June 5 & 6, 2010

Sermon Notes

1. In life we're continually giving offerings; if not to God, than to ourselves, the world, or the devil.
2. Principle One: Grace Giving is dependent upon faith - not circumstances or income.
3. Circumstances are always right for faith! It knows no barriers, while unbelief never has enough proof.
4. Principle Two: Grace Giving exceeds human capability.
5. When faith is willing to sow God supplies the seeds.
6. Principle Three: Grace Giving is always voluntary.
7. Grace Giving is an echo of the cross, not the Law.
8. Principle Four: Grace Giving is seen as privilege, not burden.
9. Grace Giving doesn't consider cost but effect. It doesn't look at what the seed costs, but what the harvest is worth!
10. Principle Five: Grace Giving is the result of first giving yourself to the Lord and by extension, the Lords' people.
