

IN FOCUS

WHAT WAS LOST

Luke 18:35-19:10

The Story: A find and rescue mission.

The Application: Who is “in focus” for you?

- Does my own passion to be with Jesus unintentionally crowd out those who need him?
- Do I see people as “restorable”?
- Do I seek out people to restore?

MY APPLICATION

Use the following questions this week to reflect on what it would mean to align yourself with the truths taught in Scripture. Each question is meant for both personal reflection and as a catalyst for discussion with your family, friends, or small group.

1. Read Luke 19:10. Why is this verse meaningful to you personally? What are some ways it might threaten you?
2. As you think about the stories of the blind man and Zacchaeus, what surprises you? Recall the time when Jesus found and rescued you. Share your story.
3. Do you feel that reaching people far from God is important to you? How can our church be more welcoming to lost people?
4. Review the BLESS strategy. What are you most comfortable with in BLESS? Who are some people you can bless this week?

MEMORY VERSE

*"For the Son of Man came to seek and to save what was lost."
Luke 19:10*
